Dear Friends of Bridge of Hope Girls
School-Liberia:

School will soon start at BOH with over
200 girls registered for the first day of
classes. Older students are looking
forward to reconnecting with
classmates. New students are wondering
what the year will hold. And teachers are
getting supplies and making lesson
plans.

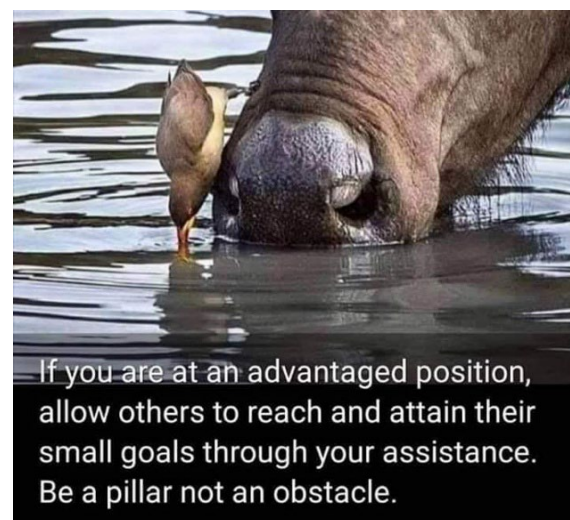

Many of our students have multiple
obstacles to overcome just to attend and
remain in school. Perhaps they have left
home and family in the rural areas to live
with relatives in Monrovia in order to have
the opportunity to attend school. Even
here they may live in a home without
running water or electricity. Some must
walk long distances just to get to school.
Many must do household chores before
and after school, some even selling
foods or small items on the street to help
support the household.

One of the greatest obstacles for students and their families is paying tuition. As in any private school, teacher's salaries at BOH make up the bulk of tuition costs. In a country with high unemployment, this places a real burden on many families. But your generous donations help pay teacher's salaries at BOH, freeing students and their families from this obstacle! **THANK YOU FOR YOUR CONTINUED PRAYER AND FINANCIAL SUPPORT!** \$135 pays one of our teachers for a month, and \$1620 pays a teacher's salary for an entire year! In this way you are making a difference in the life of an underprivileged girl in Liberia!

Blessings!
